

“Our General Purpose shall be to develop programs through the establishment and maintenance of a museum which will enlarge the horizons of children showing them first time opportunities and affording a learning experience in a safe and non-confrontational environment.”

~Dr. Elizabeth TeGroen

The Newburg Children's Museum is seeking t-shirt sponsorships that will allow all proceeds of shirt sales to be applied to continued education of our children through our after school program.

For \$50 sponsorship, your logo/name will be listed on the back of the shirts sold at the Museum and various fund raisers.

Opened in 2008, the Newburg Children's Museum is the only Natural History Museum between Springfield and St. Louis. The development and maintenance of the museum has been done through the generosity of people just like you!

Thank you for your consideration and your commitment to our students, your support is appreciated.
